

It takes a lot to run a shelter and it takes a lot to feed an entire shelter full of rescue dogs.

So we are looking for businesses and shops with a little heart.

Sign up for the Feed A Furkid © initiative and offer your customers and clients the opportunity to add R5 to their payment/purchase to feed a rescue dog.

We are asking for a R100 donation to sign up. When you sign up your company will go on our posters and on all of our advertising, wherever Feed A Furkid © is, your company logo will be too.

Your company details will be added to our website along with a link to your website and/or social media pages.

Your logo's position will not change. It will stay in its place in the 'queue' and when we run out of space we will print bigger signs and your logo will get bigger as our project grows.

When you sign up you will receive:

1 x A4 (to start) printed board with your logo added to the list.

1 x donation tin.

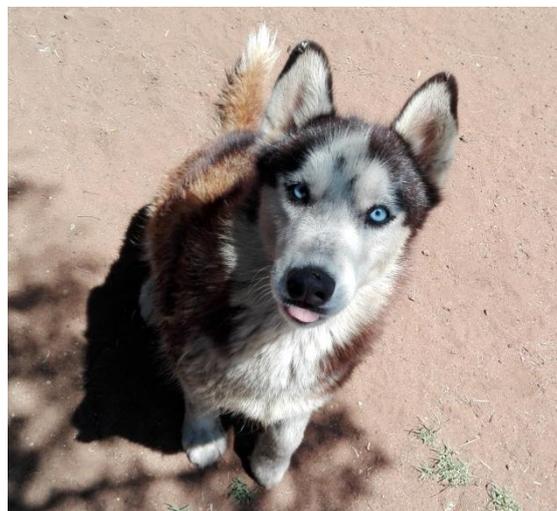

1 x Monthly sheet to mark off the R5 collections.

We will collect the donations at the end of each month or arrange for an eft.

Please consider helping Nordic Rescue feed the animals it cares for daily. R5 doesn't seem like a lot but it will buy a meal for a husky in need.
